

PAINTER

Nature of work

The principal and customary work of the employee in this employment class consists in performing tasks such as painting, varnishing, staining and other similar work on the inside or the outside of buildings, on metal frames and on furnishings.

Required qualifications

To have the legal qualifications prescribed by regulation for this employment class;

or

to have a diploma of vocational studies in an appropriate specialty and have one (1) year of pertinent experience.

Some characteristic duties

The employee in this employment class carries out work connected with repairs and preparation of surfaces to be painted. He may fill in the joints of wall boards and repair cracks in plaster.

He prepares and mixes paint, varnish and stain and covers surfaces with these.

He may also be called upon to hang wallpaper and other similar materials.

He is responsible for the cleaning and maintenance of the instruments and tools he uses.

He sets up or has necessary scaffolding set up as required for his work.

The painter may be called upon to coordinate the work of less experienced or non-specialized workmen.

If need be, he performs any other related tasks.
